

About Alex's Lemonade Days

Since Alex's first front yard lemonade stand, there have been over 55,000 ALSF lemonade stands held across the country and world. Alex's Lemonade Stands make a meaningful difference at any time of the year, but there's a special excitement to Alex's Lemonade Days, when so many supporters join forces and hold stands simultaneously to be a part of our largest annual fundraiser. In the spirit of Alex's ambitious goal to raise \$1 million, which she reached before she passed away in 2004, Lemonade Days weekend consistently raises \$1 million annually. To date, we have had over 22,000 stands during Lemonade Days and this year, we hope to have our 25,000th stand!

Alex's Lemonade Stand Foundation for Childhood Cancer is a unique childhood cancer charity - we stand out from the crowd!

We're changing childhood cancer, one research grant at a time: We are unique in our grant-making approach, having donated millions of dollars to support life saving childhood cancer research. With careful consideration and consultation with leading researchers across the country, we have developed our [grant program](#) to make the biggest impact possible. Our smart spending of your donations has translated into innovative breakthroughs, more access to new treatments, and a dramatic change in the landscape of pediatric cancer. All this leads to one very important change for children and their families -- hope for new and improved treatments!

About Alex's Lemonade Stand Foundation for Childhood Cancer

Alex's Lemonade Stand Foundation (ALSF) emerged from the front yard lemonade stand of cancer patient Alexandra "Alex" Scott (1996-2004). In 2000, 4-year-old Alex announced that she wanted to hold a lemonade stand to raise money to help find a cure for all children with cancer. Since Alex held that first stand, the Foundation bearing her name has evolved into a national fundraising movement, complete with thousands of supporters across the country carrying on her legacy of hope.
